TWO CENTS

A NEW \$10,000 GRANDSTAND FOR NEXT FAIR

Arrangements Made With Topeka Banks to Carry Paper. Topeka Bankers Confer With Assistant Bank Commissioner. TO BE STEEL AND CONCRETE. Plans Made to Pay Off Loan in Ten Years' Time.

All Space In Stand Will Provide a Source of Revenue.

Construction of the new \$10,000 steel and concrete grandstand for the Kansas Free Fair at Topeka was practically assured today at a conference which Topeka state bankers held with J. H. Sandell, assistant state bank commissioner. Arrangements were made which will permit the banks to carry long time paper of the fair association with endorsements of fair supporters and individual subscribers to the grandstand fund.

The grandstand will be paid off by interest payments of at least ten per cent a year on the principal of the loan in addition to keeping up interest payments. The stand, which will seat 7,000 people, will provide extensive concessions, display and office space under the big amphitheater. Practically the entire of it will bring a return to the fair association.

The present wooden stands have been a big burden to the association. Maintenance expense, insurance and inability to handle the big crowds have caused the fair to lose money. When fair attractions in front of the stands might readily be turned into earnings. In spite of the enormous increase in attendance at the fair in recent years, the association has been unable to increase revenues, although the larger attendance called for added expense.

To Be Used Next Year. Complete on of arrangements for financing the grandstand proposition today insured the success of the fair stands in time for the 1923 fair. With a new steel and concrete grandstand, added exhibit space and completion of the new \$100,000 hotel, the fair association will give the fair visitors a real welcome when they come to town next September.

Topeka state bankers, who conferred with Assistant Commissioner Sandell today were: J. H. Lee, S. E. Cobb and Roy Hone.
